

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF EAST LAUREL WATER)	
DISTRICT FOR APPROVAL OF A SPECIAL)	
CONTRACT TO CONSTRUCT A WATER LINE)	CASE NO. 92-206
EXTENSION ON ENTERPRISE LANE)	

O R D E R

On May 7, 1992, East Laurel Water District ("East Laurel") submitted an application for Commission approval of a special contract to construct a water line extension. The proposed water line extension will provide water service on Enterprise Lane.

East Laurel proposes to provide at no cost to each customer 100 feet of line with no future reimbursement. Commission Regulation 807 KAR 5:066, Section 12(4), allows a utility to make extensions under different arrangements from those prescribed in the regulations provided such arrangements have been approved by the Commission. Commission Regulation 807 KAR 5:066, Section 12(5), further allows a utility to provide at its expense greater extensions than prescribed by Commission regulations provided like free extensions are made to other customers under similar conditions. The proposed water line extension arrangements comply with East Laurel's tariffs currently on file with the Commission. The Commission finds that this proposed water line extension is an extension in the ordinary course of business and, as such, no additional approval of construction is required.

IT IS THEREFORE ORDERED that East Laurel's application be and
it hereby is dismissed without prejudice.

Done at Frankfort, Kentucky, this 22nd day of May, 1992.
